REPORT OF HIGHWAY COMMITTEE

During 1952 TRA construction proceeded on the Briar Hill and Farrington Corner roads. Some preliminary work was started in widening the Straw road. It is recommended that the work on the Straw road be completed as planned for approximately 0.7 of a mile. It is also recommended that the recent construction on the Briar Hill and Farrington Corner and Sugar Hill roads be surfaced or stabilized as part of this year's TRA work.

The Committee feels that a program of adequate ditching and culverts on all town roads is necessary before starting on further reconstruction of individual sections. This would be the first step in the process of stage construction of the town system. It should eliminate the mud holes and make year around travel possible.

The Committee further recommends that the remainder of this year's TRA and town construction funds be spent on drainage and culverts and that it be continued until completed. This work will have to be to the standards required by the State for TRA construction and will be a part of the future construction.

A map has been prepared and will be posted in the Town Hall showing the proposed classification of Town Roads into the three classes suggested in last year's report.

F. M. AUER, *Chairman*
Highway Committee

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Hopkinton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March, 1953; at three o'clock in the afternoon to act upon the following subjects:

1. To choose all necessary School Officers for the ensuing year.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to take any appropriate action thereon.

3. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriations of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

4. To see if the district will vote to approve the expenditure of \$1416.61 made by the School Board for new equipment for the New School Building. (This was approved by the Town Budget Committee and the State Board of Education as an emergency expenditure.)

5. To see if the district will vote to authorize the School Board to expend the sum of \$1633.39 for additions and improvements to the New Building. The

total amount in this and the preceding article (\$3050.) is money received from the sale of the old High School property and will not involve raising tax money.

6. To transact any other business that may legally come before said meeting.

Given under our hands at said Hopkinton this sixteenth day of February, 1953.

REPORT OF THE SCHOOL BUILDING COMMITTEE

The Building Committee, which was established as a result of action taken at the District Meeting on March 8, 1949, considers that it has substantially completed its assigned duties and therefore submits this as its final report.

At the present time the eight upper grades of our school system are housed in a new building, a building which has become a reality after studies begun by the Town Planning Board in 1947. For those who would like a review of the steps taken, reference may be made to reports published annually in the Town Reports by the Planning Board, the Building Committee and/or the Superintendent of Schools, for the years ending December 31, 1947 and subsequently. On April 23, 1952 ground was broken for our new building, thus starting the concrete realization of this long needed educational facility. The first spade of earth was turned by Harold Martin, Chairman of the School Board and a member of this committee from its inception.

Despite delays due to shortages of materials, a strike of laborers, and increased costs, largely occasioned by the Korean warfare, Blanchard Stebbins has proved to be a good contractor and has done his work well. In like manner, Irving Hersey Associates have proved to be good architects.

The first public use of the new building was made when we held "open house" on Sunday afternoon, December 28, 1952, on which occasion about 600 people from our own town and surrounding communities took advantage of the opportunity to inspect the building.

On Monday, January 5, 1953, when schools opened for the winter term, 202 pupils were assigned to new

seats in a new building. All pupils from the six grades in the old High School building, together with the 5th and 6th grades from the Hopkinton Village and Contoocook Graded schools moved in. The removal of the two upper grades from the elementary schools has greatly relieved the congested conditions in those buildings. The 3rd/4th grade room in Contoocook is still overcrowded but this situation will be corrected by a split of the grades and addition of a new teacher next year.

Your Building Committee has, since its formation, held about fifty meetings. There have been headaches and heartbreaks when unforeseeable snags and delays have developed, and we unfortunately lost some of our valuable committee members — Wendell Clough by his death, and Priscilla Hayward and Deborah Hoffman because they left town. However, the work of the Committee has been lightened to no inconsiderable degree by the constant knowledge that its aims were also the strong desires of a large majority of fellow townsmen, without which the new school could not be a reality. The voluntary efforts of the school's friends, including the students, have been so numerous that space does not permit the listing of the individual contributions of time, money and work. These contributions have provided or will provide the following items, the total value of which approximates \$5,000.00:

Flag Pole

Curtains and drapes for Activities Room stage

Wet-dry vacuum cleaner

Gas ranges for Home Economics and Hot Lunch

Refrigerator

Lockers

Chairs

Plates, bowls, spoons and forks for Hot Lunch

Although classes are being held in the new building, the work of the contractor is not entirely completed as yet, in that there are still some details remaining unfinished. In addition there are some items outside of the contract remaining to be done or which are desirable, including:

More shelving for storage, ceiling for the shop and lunch room, finish grading, landscaping, drives and walks, porticos, partition for shop class room, more lockers, etc.

Some of these things would have been included in the original contract except that we had to cut some corners in order to stay within the limits of our available funds, and our foremost aim was the achievement of the essentials. However, the funds in the hands of the School Board, together with the balances in various voluntary accounts will make a substantial contribution toward the completion of the items listed.

It was our expectation that the new building would serve a long-felt need for a community center for the Town, and we are gratified that it is already being put to that use.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board of Hopkinton District:

The following teachers were employed during the year 1951-1952:

<i>School</i>	<i>Teacher</i>	<i>Training</i>	<i>Yr. Grad.</i>
High & Jr. High	Mr. William H. Milne, Principal	U. V.	1943

	Mrs. Elsa T. Andrews, Principal, Grs. 3-4	P. T. C.	1945
	Mrs. Lois H. Day, Grade 2	K. N. S.	1933
	Mrs. H. Ruth Mills, Grade 1	P. N. S.	1931
	Mrs. Eleanor Sanderson, Grades 4-5-6	P. N. S.	1923
Hopkinton Village	Mrs. Dorothy Q. Gillingham, Grades 1-2-3	K. T. C.	Summer Sessions 1932
	Miss Blanche C. Bailey, Music	K. T. C.	1932

Number of pupils registered during the year:

Contoocook Graded		Hopkinton Village	
Grade VI	17	Grade VI	12
Grade V	15	Grade V	9
Grade IV	21	Grade IV	12
Grade III	27	Grade III	12
Grade II	21	Grade II	9
Grade I	24	Grade I	13

The long awaited event finally took place. On January 5, 1953 all pupils from grades five through twelve were moved from the old buildings into the New School Building. I know that the people in the community are very proud of the new school, but I am sure that the pupils are much more proud of it. They may well be proud of the building and of the community which provided them with such a fine school. It has been truly a community project and one which should give everyone connected with it a tremendous feeling of satisfaction.

The members of the School Board and Building Committee deserve a great deal of praise for the

amount of time and hard work they have put into the building program. At times, things looked very discouraging, but they never gave up. Each new obstacle meant just a little more effort and it was overcome. You just can't beat that kind of spirit. The community, too, was asked to do more than their fair share, and responded in a remarkable way. The various organizations and individuals are too numerous to mention but their work is sincerely appreciated.

We have a new building and now we must make the best possible use of it, and I know that we will. We will be able to improve our special fields such as Shop, Science, Physical Education, Home Economics and Music. It will be possible now to add a Commercial Course to our Curriculum. The Board has provided for an additional teacher and equipment in their new budget.

The crowded conditions in the Grade Schools have been mostly relieved for the time being. The third and fourth grade room in Contoocook has too many pupils for one teacher and the fourth grade should be moved down stairs next year. This has also been provided for in the budget. The increase in the budget, this year, is due then mostly to increasing the staff of teachers with some additional operating cost due to the new building.

At the beginning of the present school year, we had the same staff of teachers that we had at the end of last year, a very good record. However, at Christmas time, Miss Barbara Saturley resigned to get married and was replaced by Mr. George Hayward.

I have enjoyed the year in Hopkinton very much, and things on the whole, have gone very smoothly. I think the response of the people of Hopkinton to our needs for new equipment was one of the greatest thrills that I have had in my teaching experience.

To: Mr. William C. Sterling
Supt. of Schools, Union No. 26
Contoocook, N. H.

Mr. Sterling —

I hereby submit my report for the year 1951/52 as
Principal of Hopkinton High School.

MEMBERS OF THE CLASS OF 1952

Clara Ashford	Rosalie Page
Paul Clark	Noel Reen
Byron Cressy	Joyce Robertson
Charlie George	Edward Rollins
Gary Graziano	Kenneth Smart
Thomas Johnson	William Sterling, Jr.
Eunice Symonds	

Of these thirteen graduates, seven are continuing
their education, three are members of the armed ser-
vices, and three are gainfully employed.

ENROLLMENT

The present registration shows an enrollment of
200 student in grades 5 through 12, with the distribu-
tion by classes as follows:

Grade	Boys	Girls	Total
5	19	15	34
6	12	14	26
7	12	11	23
8	14	14	28
9	10	15	25
10	11	9	20
11	10	15	25
12	7	12	19

The only change in the faculty came during Christmas vacation when Miss Barbara Saturley resigned to get married. We were very fortunate in obtaining the services of Mr. George Hayward, from Keene Teachers College, to replace her.

This year saw a dream come true. The thought uppermost in everyone's mind in September was "When shall we get into the new school?" When it seemed fairly certain that we would start in at the new high school after Christmas vacation, everyone pitched in on the job of packing and moving. We have had to make some adjustments in these first few weeks and are only now really getting settled. It is indeed hard to describe the atmosphere which now prevails. Pleasant surrounding and adequate facilities have boosted the morale of students and faculty.

This coming September we shall make a beginning on our Commercial course. Just what commercial subjects to introduce and to what classes they should be available, have been big problems. This first year Junior Business Training will be offered to Freshmen and Sophomores and Personal Typing to Juniors and Seniors, with a possibility of also adding a first year typing course. It will probably be two or three years before a full commercial course can be offered. Three teachers have been assigned to handle classes in physical education and I hope that we can expand this program in the near future.

This year Mrs. Dorothy French has assumed full direction of our Hot Lunch Program and is doing a fine job, ably assisted by Mrs. Clara Ward and Mrs.

Elsie Straw. Our program will end on May 1st, however, we are trying to work out the details so that it could be extended until June.

In closing, I wish to thank the parents, townspeople, and local organizations who have given us their wholehearted cooperation in many ways.

Respectfully submitted,

WILLIAM H. MILNE,

Principal
